Noise Attenuators

Following feedback from a local resident regarding stadium operations, we conducted noise monitoring around the perimeter of the venue to ensure ongoing compliance with Auckland Council requirements. We are pleased to advise that reporting received confirms our compliance. Nevertheless, as a good neighbour, we have installed approximately \$100k of noise attenuators

in both the South and East Stands to further reduce ambient noise arising from day-to-day activity at Eden Park. If you require assistance in future, we encourage you to get in touch on our 24-hour hotline in future and our on-site security team can assist you – 09 815 4820.
