

EDEN PARK FUNCTIONS @ COVID-19 ALERT LEVEL 1

At Eden Park your health is our number one priority. We have introduced precautions to ensure you and your guests feel safe while enjoying our function spaces.

EXTRA CLEANING

Regimes have been implemented, including increased cleaning of frequently-used surfaces including handrails, doors and bathroom surfaces.

CONTACT TRACING

We should all continue to keep track of where we've been to assist with rapid contact tracing. This can be done by scanning the NV Covid Tracer QR codes at the stadium through the Government's COVID-19 Tracer app.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Feel free to wear your own mask and/or gloves. Don't be alarmed if you see staff wearing PPE. It is not a mandatory requirement but is often preferred.

HYGIENE

We ask all staff and guests to wash and sanitise their hands regularly for at least 20 seconds.

Kitchen and wait service staff in particular are taking additional measures to minimise contact with any shared surfaces, and sanitising and washing their hands regularly when they change the task they are doing.

FEELING SICK?

All our staff are adhering to our policy of staying home from work if they have any symptoms of illness, including cold symptoms and elevated temperature.

Likewise, if you or your guests are feeling unwell on the day of your function, please do not enter the stadium.

By taking care of ourselves we are also keeping others safe.
