Stadium closed

We trust you and your families are doing well in this challenging period. With Government advising that New Zealand is now at Level 4 of the country's COVID-19 alert system, the stadium is now closed.

Together with hirers and broadcasters, Eden Park continues to explore ways in which we can develop content and operate the venue in future, subject to Government guidelines, to support employment across the industry.

This period continues to be an uncertain and unprecedented time for the event industry however the health of our staff, community, patrons and athletes remains our priority.

More information on changes to our event calendar can be [found here](#).

Thoughts from a local

One of our neighbours has created [this video named 'Our Eden Park'](#) in support of Eden Park and the role it plays in our society.

We encourage you to take a look at this poignant piece by Matthew, a local resident, which recaps the stadium's 117-year history and the generations it has lived through.

'She was here before the flat white. Before avo on toast. And long before we'd combined the foil and the boat. She lived through the depression. Through two World Wars.'

#LetTheMusicPlay – 9 days left

There are just 9 days left for you to have your say on our resource consent application to host up to six concerts a year in future. A submission takes just a couple of minutes! While events may not be happening at Eden Park for some time, we must remember there will be a time for us to come together again as a community. The stadium is a critical piece of infrastructure that will be needed in the coming weeks, months and years.

You can have your say by [filing a submission here](#), either online or by printing a hard copy.

To make it easier in the current environment, **we're offering to collect any physical submission forms in our secure mailbox pictured above outside Entry G Reception, off Reimers Avenue.** This will be cleared daily by our on-site security staff until submissions close at 5pm next Friday. Get some fresh air and walk down to the stadium to deliver your submission but please remember to follow personal hygiene and social distancing suggestions.

Learn more about the stadium's application [here](#).
