### Our Neighbourhood

Do you remember the [exhibition](#) we hosted back in 2017? 'Our Neighbourhood' was created to showcase our local community and the special links people have with our area and Eden Park. The pieces, by local photographer Lee Howell, are still on display at the stadium today and they have been [shared in a video](#) for you to enjoy from home. We look forward to connecting with our wider whānau again soon!

### **Morningside Urban Market Garden**

We are pleased to share that we have extended our relationship with the Morningside Urban Market Garden. You may recall we helped launch this community garden space which is housed onsite at the stadium. This facility is frequently used to educate migrants on small business operations where they can grow produce and provide it to local businesses. [Here's a 1 News story](#) which explains the initiative from its 2019 launch. Our team is excited to continue to support this great initiative in the coming weeks and months when possible.

### **Eden Park voted second best rugby ground in the world**

'Situated near Auckland's central business district below the imposing backdrop of Mount Eden, the All Blacks are formidable here.'

Thanks to UK news outlet Wales Online, we've been voted the second best rugby ground in the world, although we think we'd give Principality Stadium a run for their money! You can check out the [article here](#).
