WELCOME TO THE POWERADE G9 2020

The Eden Park Trust is excited to announce the Powerade G9 2020, a unique golf experience in New Zealand's national stadium.

Following the success of the inaugural G9 in November 2017, the event will again bring together some favourite New Zealand pastimes – golf, cricket and rugby – in a truly iconic setting for its fourth consecutive year.

Players will have the opportunity to tee off from nine different locations around Eden Park with a bonus longest putt competition in the home team changing room. Ten shots with as many chances for a hole-in-one!

The 2020 Powerade G9 will once again include the 'golden ball' where players can purchase extra balls to use as a second attempt on four of the holes to better their score. These golden balls can be used out on the course at the player's discretion, giving them an opportunity to have a second shot on four of the course holes. A second shot will mean a second chance at a hole-in-one or improvement in a player's score. How you choose to play these four golden balls is up to you. Players will also have an opportunity to kick a rugby ball to try and hit the cross bar from the Jameson Clubhouse.

We would like to thank Powerade for its support of the Powerade G9 and acknowledge the support of Powerade G9 partners: Jameson, Golf Warehouse, Mediaworks, Samsung, Donaldson Brown, Barfoot and Thompson, SKY SPORT, Mrs. Mac's, ICG and NZ Golf.

We look forward to creating more memorable sporting moments and welcoming everyone to the Jameson Clubhouse at the end of your round.
